THE TROY MURDER MYSTERY.

Developements yesterday in the tragedy of Teal Pond, near Troy, N. Y., into whose swampy shallows the body of pretty 19-year-old Hazel Drew was flung after she had been mysteriously murdered, showed conclusively that she was lured to her death.

The authorities, investigating the crime have unearthed certain facts which they declare lead to no other possibility than that the girl was persuaded to start for the home of her uncle, who lives not far from where she was found dead, on a pretext to get her in the lonely part of Rensselaer county.

It is now declared that the assassin or assassins of the pretty young woman known and arrests will be made.

The selection by the murder or murderess of a lonely spot for the concealment of the body and efforts to convey the impression that the girl jumped into the lonely pond to end her life proved baffling only for a time. But the murderer's subsequent demeanor—the guilty conscience offsetting the precautions against detention—have resulted in the weaving of a web so closely about the suspected man that but few strands are needed until the net is drawn.

Marks upon Hazel Drew's body indicate clearly that she died while making a brave struggle to defend her honor. A string tied about her neck indicates that the murderer and his accomplice, fearing the blow on the back of the head had not been sufficient to end her life and forever seal her lips, made sure, doubly sure, by strangling her. The casting of the body into the water was as much an added further precaution against her living to disclose the identity of the fiends who attacked her as it was to hide the evidence of crime.

DOUBLE SUICIDE.

Both August Gross, who on Monday, without known cause, shot and fatally wounded an inoffensive meat peddler, named James Kirk, and his younger brother, Fred Gross, near Benton Harbor, Mich., committed suicide after a pitched battle with Sheriff Tennant and a posse of seven men. None of the officers was injured. The Gross brothers are both supposed to have been insane.

After shooting Kirk Monday, Gross barricaded himself in his farm house, and through the night exchanged occasional shots with the crowd of farmers and deputies who were guarding the premises to prevent his escape.

His younger brother, Fred, joined the crazed man in the defense of the house, and the aged mother of the two men was also in the house throughout the night and during the battle with the officers yesterday.

The posse drove to the Gross farm in two automobiles from Benton Harbor this morning. Shortly before their arrival the Gross brothers had rushed from the house and taken positions with their guns near the front fence. After about fifteen shots had been fired at the officers, who were replying with rifles and shotguns, August left his cover and ran for the house.

Fred was wounded through the leg, and when he found that he was unable to follow, fired a bullet through his own head, dying instantly. Expecting August to open fire momentarily, the posse closed in on the house, entered it, and found the crazed man dead on his own bed. A single shot from a shotgun had penetrated his heart.

TROLLEY CARS DYNAMITED.

Two trolley cars of the Chester, Pa., Traction Company, against which a strike was inaugurated three months ago, were wrecked late Monday night, but, fortunately, no one was seriously injured. One car was wrecked at Norwood, some distance from Chester, presumably by a stick of dynamite. The car was badly damaged and a deputy sheriff, who was riding in the trolley, was cut by flying glass. Several women passengers were badly frightened by the explosion and one of them fainted. The other car was wrecked within the city limits and the motorman was knocked from the platform, but he sustained no injury. The front of the car was shattered. The employes of the traction company struck because their wages had been cut. For a time the lines of the company were completely tied up and the strike was attended with considerable violence, necessitating the presence of four troops of the state police. The company has been operating its cars, but carried few passengers, the people either sympathizing with the strikers or fearing injury through attacks such as those of last night.

WEDNESDAY EVENING, JULY 15, 1908.

THE democratic national committee, at Lincoln, Neb., yesterday, acting with the party candidates, took a positive stand on the subject of campaign contributions and publicity for both receipts and expenditures, instead of evading the direct issue, as their opponents have done. Both Bryan and Kern came out flatly against corporation help in financing the campaign as well as against individual control by means of heavy contributions. The committee's resolution presented by Mr. Daniels, of North Carolina, with the full approval of both candidates, declares that, in pursuance of the pledge made in the Denver platform, it will accept no contribution from corporations, no individual contribution above $10,000 and will publish on or before October 15 all contributions in excess of $100 and will receive no contribution above $100 within three days of the election. Both Bryan and Kern addressed the committee in support of the resolution, which was adopted without dissent. How interesting it would be if the republican national committee should announce that it would receive no contributions from corporations or more than $10,000 from any one person! But George R. Sheldon was not elected treasurer for that sort of financiering.

THE biennial session of the City Council virtually came to a close last night and the new Council will come into existence on September 1st next. The new body, with the exception of two members from the Second ward, will be composed of the members of the present board. A resume of the Council's labors for the year will show that considerable important work has been accomplished. Of course some things have beendone that might have been left undone, while many others that might have been done were left undone, but on the whole much has been accomplished. During the year about $50,000 was spent in improving streets and laying sewers; plans were practically perfected for refunding the city's debt; an appropriation made for erecting a new school building and another for remodelling the Corporation Court room and clerk's office. The gas works have been put in excellent order and other improvements made in the city. Taken altogether the Council was quite an industrious one.

A DISPATCH from Chicago says that lower prices for provisions were in sight on the market in that city yesterday, and thrifty householders who have been trying to make a dollar to buy a square meal for a family of four felt some slight encouragement. The decline has not reached this city yet, but it is hoped it soon may. Better late than never.

THE president yesterday sent a letter from Oyster Bay to Mrs. Cleveland, informing her that he had changed the name of the San Jacinto National Forest to the Cleveland National Forest, in honor of the late ex-president. This was a graceful act to the memory of one of the country's most distinguished citizens.

AS SURE as a gun is iron the republicans are getting scared. Their every move points that way and they see the drift of political sentiment. The people are for Bryan and if the democrats will stand together as they should do they can elect him beyond a doubt.

IT IS said that in his letter of acceptance, Mr. Taft will come out flatfooted for trusts. A number of trusts have already contributed to the campaign fund!

From Washington.

(Correspondence of the Alexandria Gazette.)

Washington, July 15.

Sleeping the sleep of the just is the way Frank H. Hitchcock, chairman of the republican national committee, is spending the day, according to a statement at the Taft headquarters today. Hitchcock arrived in town early this morning. He had been to confer with Representative Sherman, vice presidential candidate at Utica. To callers the announcement was made that "Mr. Hitchcock will be at the office at five p. m." C. W. Swisher, of West Virginia, who aspires to be the next governor of the state, and S. C. Denham, who claims that he is post-master at Clarksburg, W. Va., made a vain attempt to see Hitchcock. Swisher says he will be elected governor by 25,000 majority.

The weather bureau at noon issued the following special bulletin: "A barometric depression that now covers the Rocky Mountain districts will move over the plains States Thursday, cross, the Central Valleys and Lake region Friday and Saturday, and reach the Atlantic States Saturday night or Sunday, preceded by rising temperature, attended by local rains and thunderstorms, followed by two or three days fair and cooler weather. This depression will cause rains in the corn and wheat belt and also rather copious rains in the Ohio valley and the Middle Atlantic and New England States."

The battleship Mississippi has left Newport for her final trial which will take place on the Rockland course today. The Mississippi is the last latest of the battleships of the navy to be placed in commission.

B. F. Strother has been appointed postmaster at White Hall, Frederick county, Va., vice L. W. Hubbard, resigned.

News of the Day.

Mrs. Minor Morris, who was ejected from the White House, has escaped from the Missouri State Hospital for the Insane.

In the final of the three mile team run at the Olympia today in London, Deakin, of England was first; United States second and France third.

Four editors and three cartoonists of the Philadelphia North American, accused by Mayor Reyburn with criminal libel, gave bail yesterday and the trial was set for the next term of court.

Lester Sisson, aged 18 and Walter Sisson, aged 12, brothers were drowned today off the mouth of the Cawcatuck river in Little Narragansett Bay. The boys were out in a small dory fishing.

Thomas D. Jordan, formerly comptroller of the Equitable and custodian of the "yellow dog fund" (campaign contributions) dropped dead in the Wall street subway station in New York yesterday evening.

Warrants charging embezzlement and destruction of public papers were issued yesterday against J. Barton Miller, the deposed secretary-treasurer of the first Co-operative Building Association of Georgetown. He was released on bail.

The country mansion of George L. Elkins, near Philadelphia, was struck by lightning yesterday evening and gutted by fire, which followed, but nearly all the art treasures in the house were saved. The loss will reach $100,000.

The National Deposit Bank, of Philadelphia, organized three years ago, was closed yesterday by order of the comptroller of the currency. The cause of the bank's enforced suspension was it slack of required reserve of 25 per cent of its deposits.

A storm breaking the hot wave, swept over New York City and vicinity yesterday, doing great damage. It was accompanied by terrific lightning and some hail. One man was killed and several lines of railway were tied up, including the McAdon tunnel.

At a meeting in Washington significant for its lack of enthusiasm and marked by a great display of radicalism, William Randolph Hearst and John Temple Graves were indorsed last night as the candidates of the independence party, of which Mr. Hearst is the father.

Virginia News.

Virginia republican headquarters will be established at Roanoke.

The Virginia Dental Association is in annual session in Richmond.

Some of the largest illicit distilleries in Franklin county were captured yesterday.

The Old Dominion Paper Company of Winchester has gone into voluntary bankruptcy.

The New York, Philadelphia and Norfolk Railroad is to be absorbed by the Pennsylvania system. The transfer will occur August 1.

The Virginia Pharmaceutical Association met at Blue Ridge Springs, yesterday, and the session was well attended by druggists from all parts of the State.

In the Circuit Court in King George county yesterday George Scranage, colored, was given 15 years in the penitentiary for the murder of James Washington, also colored on July 4 last.

The dwelling and outhouse at Wheatton, of T. Spicer Corlett, of Baltimore, was destroyed by fire Saturday night. Mr. Corlett, wife and family escaped in their nightclothes. Mr. Corlett had to jump from a second story window. The loss is between $4,000 and $6,000; insurance, $900.

Notwithstanding the vote of the Mayor, the Board of Alderman of Richmond last night passed the ordinance accepting the plans of Averill & Hall, of Washington, for a combined armory and market house to be used by the Richmond Light Infantry Blues, the building to cost not more than $100,000.

Charles F. Laycock, of Leesburg, died suddenly yesterday morning at his home of heart disease, aged about 69 years. He was twice married, his second wife, who was a Miss Davis, and six children surviving. At the time of his death he was sergeant of Leesburg. For several years he was commissioner of the revenue for Leesburg and deputy sheriff of Loudoun county.

Unwilling to face irate parents and to endure the sneers of those who might learn of her arrest in Richmond on charges of incorrigibility, Catherine Ingram, 18 years old, of Danville, attempted suicide in her cell in the police station yesterday by swallowing laudanum. Physicians worked on the young woman for more than an hour before she was pronounced out of danger.

Cruiser Collides With Barge.

London, July, 15.—The cruiser Indomitable with the Prince of Wales on board collided with a barge off Portsmouth today. She is reported to be badly damaged.

The Indomitable, a sister ship of the Inflexible and Invincible, is one of the most formidable of Great Britain's great navy. She was called the "Mystery ship" because so much secrecy was observed in fitting her out for a record-breaking trip across the Atlantic. It was hinted in some sources that in trial spins she had reached a speed of nearly 27 knots an hour. She has 17,250 tons displacement and is the most heavily armored of all Great Britain's vessels. She carries eight 12-inch guns, capable of firing 850 pound shells that will penetrate the finest 14-inch steel plate at a distance of five thousand yards. Turbine engines, capable of producing 41,000 horse power propel the Indomitable. Her boilers are fitted with appliances for burning oil, but coal is her chief fuel.

A later dispatch says the damage to the warship was slight and after a brief delay she proceeded on her way. The barge was smashed and suffered irreparable damage.

A Third Ticket.

New York, July 15.—A third ticket it is said will surely be named at the Independence League's national convention in Chicago July 27 and 28. The presidential nominee it is said is to be chosen the following four: Thos. L. Hisgen, of Mass., M. W. Howard, of Alabama; Howard S. Taylor, of Illinois, or Chas. A. Walsh, of Iowa.

Today's Telegraphic News

All for Bryan.

[Special dispatch to the Alexandria Gazette.]

Richmond, Va., July 15.—Alexandria delegates returning from Denver today express surprising confidence of democratic victory this fall and say they were amased to find at stations all through the west the talk of overwhelming sentiment for Bryan.

Alleged Black Hand Agent.

New York, July 15.—Pronzola Bonaventura, an alleged Black Hand agent, who was captured while in the act of exploding a bomb under the steps of the tenement house owned by Francesco Spinella, was "sweated" today by Assistant Police Commissioner Wood in an effort to gather the names of accomplices in his attempt on the property of Spinella. That he is a member of the Mafia is declared on a stamped letter written in Italian found on the Black Hander when arrested. It was addressed to Spinnella, who has twice barely escaped death.

On May 24, last, a bomb blew up Spinella's building. Later Michael Abagnale, a barber, was arrested as he reached for a package of dummy money from Spinnela. Abagnale was released on $3 000 bail, and the next night another bomb was exploded in Spinnela's home. Since the time Lieut. Petrosini and other Italian detectives have constantly watched Spinela's home, their vigilance resulting in the capture of Bonaventura. Not a word of his associates would the prisioner say today to Commissioner Wood. "I know nothing. I found the bomb and letter in the park." That was all.

Suicide and Attempted Suicide.

Budapesth, July 15.—One sensational suicide and another attempted suicide, occurring almost simultaneously and with the victims scions of the richest and most aristocratic families, startled the Hungarian capital today.

In the first case Baron Josef Banhidy shot himself dead in his father's presence, because the latter had upbraided him for his dissipation.

Within a few moments Count Carlzay, a well-known character of the city, shot himself while begging his mother for more money with which to carry on his dissipations. He is dying. Carlzay, after demanding money of his mother, drew out his watch and threatened to shoot himself if his request was not complied with within five minutes. He had made such threats before, and the mother did not think him in earnest. When the five minutes was up, however, the young man whipped a revolver from his pocket and fired a bullet into his head, falling into his mother's arms.

Both Banhidy and Carlzay were noted spendthrifts and their exploits and profligacy had frequently shocked their respective families.

Accident to Airship.

Friederichshaven, July 15.—Another accident caused postponement to Count Zeppelin's promised record breaking airship flight. Today's accident was much more serious than the one which yesterday necessitated the abandonment by the count of his plan for a 24-hours' trip. The damage of yesterday, due to a defect in the steering gear, was repaired over night and shortly before noon today the monster airship was brought from the shed, her crew stationed and fifteen passengers taken aboard. The lines were cast off and the motor started, but before the airship had cleared her shed sufficiently to gain headway a gust of wind caught her on the beam and dashed the craft against the roof of the shed, from which it had just emerged. Eighty feet of the port steering gear, a huge silk covered wing, was torn away and the forward part of the propellor was smashed. The accident caused the stern of the machine to settle into the water with the bow in the air. After half an hours' work the airship was towed back into the shed and an examination showed that the damage was sufficiently serious to require a week to repair.

Will Make No Ante-mortem Statement.

New York, July 15.—I'll make no ante-mortem statement, first, because I'm not going to die, second, because you know as much about why Mrs. Horner shot me as I do." That's what Dr. James W. Simpson, who was shot by his mother-in-law in Northport, Long Island, said to a special deputy district attorney of Suffolk county when asked to tell of the shooting.

Dr. Simpsom's nerve is today the marvel of Roosevelt hospital. "Let all my friends come in," he says. "If I die, I'll die smiling.

So good is the dentist's general condition that surgeons will not attempt to extract the bullet lodged in his vitals by the widow of Bartley T. Horner, for whose murder Simpson was acquitted. Mrs. Horner in Northport today waived examination and was held for the grand jury to await the result of Simpson's injuries. It is not believed the wounded man will ever appear against her.

Terrible Slaughter.

Vienna, July 15.—The bombardment of the Umirathis quarter of Tabriz, in which hundreds of revolutionists made their final stand, has resulted in the complete destruction of that part of the city, and the death of hundreds of loyalists. The streets of the Umirathis quarter are strewn with the dead, who fell before the machine gun fire and Cossacks. Offers of surrender were disregarded and the butchery continued until all the revolutionists who remained were massacred. The entire city is now in control of the soldiers, and orders have been given to repeat the tactics used against the Umirathis quarter in case the the rebellion breaks out in another part of the city.

Serious Charge Against a Vocalist.

Milan, July 15.—Venturini, one of the best known basses in Europe, was arrested here today charged with an attack on the eleven-year-old daughter of his landlord previous to his departure for England. Venturini has just returned to Milan after a season in the Covent Garden, London. If found guilty, a penalty of fifteen years' solitary confinement will be inflicted. The accusing girl says that after the alleged offense her assailant imposed silence upon her under penalty of death. For a long time she was afraid to tell of her experience.

City Council.

A large volume of business was transacted at the meeting of the City Council last night. A resolution was adopted by both boards providing that when Council adjourned it be to meet again at the call of the presidents of the two boards.

BOARD OF ALDERMEN.

Considerable business orginated in the Board of Alderman, but it was all transacted without discussion and by unanimous votes. Apart from the propounding of questions, which were answered by the chairman of the committees who submitted reports, there was but little colloquial in the proceedings.

The Aldermen concurred in the action of the Common Council on all the papers sent in save on the petition of the Alexandria Light Infantry, Captain F. L. Slaymaker, for an appropriation of $51 for the employment of the Naval Gun Factory Band to accompany the command from the armory to the depot on the 25th of this month when the company will leave this city tor Chickamauga.

There was a murmur of disapproval as soon as the clerk read the petition, and while several members expressed their opinion on it they all avowed that they were kindly disposed toward the organization but failed to see their way clear to vote for such an unusual appropriation.

The action of the Common Council was non-concurred in and the petition referred to the finance committee.

The board adjourned about 9:45. o'clock.

COMMON COUNCIL.

The regular and last meeting of the old body was held last night, and the members realizing this were on hand to finish up the business pending. All the members were present with the exception of Messrs. Marshall and Spinks who were absent from the city.

The first business was a communication from the Mayor in regard to the disorganized condition of two city departments, viz; health, and street and engineer department. He said that numerous complaints had arisen against both of these departments which had given them notoriety in the press, and he said that some of these were justified. In his message he recommended the appointment of a sanitary officer, which, he said, could be done without much additional expense. He said there was ample law on the statute books, and the only need was the enforcement. He again recommended a codification of the laws.

Mr. Birrell said he had introduced a resolution looking to the codification of the laws some time ago. He said it was sadly needed, in order to let the citizens generally understand their duty in the premises.

Mr. Monroe said if he remembered rightly a resolution on the subject of the board of health was pending before the committee on general laws, and that Dr. Gorman, the health officer, had appeared before that committee.

Mr. Leadbeater took occasion to say that much adverse criticism had been heaped on the street committee. He knew that many of the complaints were without foundation, and some were justified. As a member of that committee he said he devoted a great deal of time to this work and did the best he could with the money furnished by Council. He then went into a general comparison about the street cleaning expenses, bringing to mind the cities of Washington and Richmond. He said the condition of the alleys and gutters was the fault of the people—not that of any department of the city government. Most of the alleys were private property. He said he regretted the fact that the Mayor had not suggested a mode by which the desired results could be obtained. He stated that the city appropriates $10,000 every year for cleaning streets and alleys.

Mr. Williams spoke of the condition of an alley north of King street, in which he said the weeds were three feet high.

Mr. Leadbeater wanted to know if this was city property.

Mr. Williams answered that the city in past years had been cleaning it.

At this point in the proceedings Mr. Strauss, one of two retiring members from the Second ward, arose and spoke of the condition of his health, which compelled him to relinquish his duties as a lawmaker. He said when he was mayor he visited the various sections of the city and saw that they were kept clean. He then thanked the president of Council for the uniform kindness and courtesy shown him during his term of office and paid a tribute to the fair and just rulings of the Chair. After expressing his regret on leaving the body and thanking all the members he retired.

Mr. Monroe heartily concurred in the opinion expressed by the chairman of the committee on streets.

Mr. Evans likewise believed that there were enough laws on the books already, which only needed enforcement. He said that the codification of laws would not clean dirty alleys or gutters. He added that there were but two public alleys in the city.

The Chair suggested a method of cleaning the city. He did not see the propriety of comparing this city with Washington on every occasion. That the streets were in bad condition no one could deny. He did not believe there was any graft in this department, but judging by the results attained by the expenditures incurred it looked like a waste of the city's money. He ventured the assertion, he said, during the storm of last Sunday that as much waste paper blew through the streets of Alexandria as could be seen in the entire city of Washington. He, too, thought if the laws already in existence were enforced and some of the guilty parties brought to justice the city would be in a better sanitary condition. He suggested that the committee on streets and the city engineer should appoint a competent man whose duty it should be to look after these matters and that these men be given competent street cleaners to do the work. He contended that it could be done at little expense and very quickly.

Mr. Hellmuth reminded the Chair that there had been a case before the police justice and that there seemed to be no law to cover the case.

The Chair reminded Mr. Hellmuth that there were sufficient laws on the statute book and unless they had been repealed they were still there. He cited an instance where a prominent merchant was fined some years ago for depositing waste paper in the streets and said the law under which the fine was imposed was still on the statute book.

Mr. Evans wanted to know if there was a health board and was informed that one had been elected, but the members had failed to qualify.

Several ordinances and reports were received and, as will be seen by the official proceedings, were either adopted or referred to the proper committees. In reference to one in regard to the salary of chief engineer of the fire department,

Mr. Burke explained that the ordinance, which he requested the passage of, did not in any way increase the salary of the chief, but simply consolidated two ordinances on the subject. This was passed.

In regard to the petition of the Odd Fellows' Stock Company to extend a sewer to the colored Odd Fellows' hall and which was referred,

Mr. Leadbeater said that the money had been appropriated some time since, but that the property owners on that square would not carry out their part of the agreement, hence the work had not been done.

Mr. Uhler asked the passage of an ordinance making an agreement between the city and the Alexandria Realty Co., whereby the gas mains would be extended to the corporation lines. It is proposed to furnish gas for Rosemont, just west of the city.

Mr. Burke asked if the city was protected in this ordinance, and when he had been informed that the interests of the city had been carefully safeguarded the ordinance passed.

Several reports and resolutions were again presented (see official proceedings) and appropriate action taken, one of which was a petition asking an appropriation of $51 to defray the expenses for a band for the new military organization when it marches through this city next week on its way to camp, which Mr. Harrison asked to be acted upon. The petition was granted.

A resolution was passed directing the corporation attorney to protect the city's interest against the railroad companies, which were discriminating against Alexandria in refusing to stop many of their trains here.

The Chair stated that it was a reasonable proposition and should be looked into.

When the bills for quarantining and fumigating houses and for medical attendance, amounting to $850.69 came in.

The Chair said many people did not believe that there had been a single case of smallpox in this city, and he offered a resolution that the city pay no more bills on this score. He referred to a similar action by Council several years ago and said that as soon as the appropriation was refused the "disease" vanished between two suns. The bills were referred and the resolution was passed, all the members voting for it excepting Mr. Leadbeater.

Mr. Leadbeater took occasion to say that he, like the Chair, did not believe all the cases reported were smallpox, but he thought there was some cases of a very mild type. The severity of the disease had been lessened by frequent vaccination.

The bill of Dr. Moore, coroner, of $22.50 for the services of Mr. T. G. Grimes in taking a stenographic report of the proceedings of the coroner's jury held at the time of the drowning of the Posey child, came from the Board of Aldermen, that body having refused to pay it. Their action was concurred in.

Mr. Evans said he raised no objection as to the proceedings of Council in this case, but asked if it was not the duty of the city to look into such matters.

He was informed that the coroner was a state officer appointed by the court.

When the report of the committee recommending that the fire companies be allowed $75, instead of the $100 each asked for, came from the Board of Aldermen,

Mr. Birrell was opposed to concurring in the action of the upper board and spoke of the inconsistency on the part of this body. He said the board just passed a resolution allowing a military company $51, a company, he said, which had hardly come into existence. He spoke of the duties of a fireman; how he endangered his life and limb for the benefit of the city.

The Chair thought the members had better let the matter pass as it came from the Board of Aldermen, a nonconcurrence, he said, might endanger its passage. As far as the criticism of the military company was concerned, he wanted to remind the member from the Third ward that many of the members of this new company had seen service in the old military organization of this city and were in no manner new to the duties of the military man.

The report of the committee and action of the Aldermen were concurred in.

The Board of Aldermen having appropriated $150 for the purchase of a horse for the chief of the fire department, their action was concurred in by the board.

A petition of the Columbia Steam Fire Engine Company asking permission to take the old engine to Harrisonburg in August on the occasion of the firemen's convention was granted.

An ordinance leasing to Arthur Bryant a strip of ground near the canal outlet locks, owned by the city, at an annual rental of $25, with the privilege of purchasing at $750, was passed.

A petition from a number of residents of West End asking the city to extend its gas mains to that point was referred to the committee on light.

A resolution carrying with it an appropriation of $160 to build a terra cotta sewer from Henry street to the proposed new public school building for girls was referred to the committee on streets.

A communication from members of the Baptist Church in relation to placing a tablet to Rev. Jeremiah Moore in front of the station house, which was granted by the Board of Aldermen, was, after remarks against it by Mr. Evans, on his motion laid over. Mr. Evans thought it unnecessary to mark a spot where a minister had been imprisoned under laws existing so long ago.

The resolution appropriating $51 for the military company, came back from the Board of Aldermen nonconcurred in, that body having referred it to the finance committee. The action of the upper board was concurred in.

Mr. Hellmuth said he had read in the paper where the police justice had rendered a decision that the person occupying the property and not the owner was responsible for the tapping of a sewer on the street where he resides. He said that if this holds good it would be some time before many more taps were made.

Mr. Leadbeater said he thought the decision would eventually help rather than retard this line of work.

Mr. Birrell did not agree with Mr. Leadbeater and cited instances where it would be damaging to the person occupying such premises and also to the city.

These views were held by Messrs. Harrison, Evans and Monroe.

Mr. Monroe wanted to know if there was any ordinance compelling the Washington, Alexandria and Mt. Vernon Railway to improve Columbus street.

Mr. Birrell said that Mr. Clift, the superintendant, had imformed him that all that was necessary for the city to do was to let him know what was needed. He said the superintendant was a fair man, willing at all times to vie with the city in making and keeping up improvements.

Just before adjournment the chair expressed his thanks for the kindness and courtesy shown him as presiding officer during the session and complimented the body as a painstaking industrious council. He spoke feelingly of the words uttered by Mr. Strauss, and said he parted with the retiring members from the Second ward with a great deal of regret, knowing that they were alive at all times to the city's interests. He said there had been differences of opinion at times but all had worked for the common good, and in concluding he wished all a pleasant vacation.

Mr. Monroe moved a rising vote of thanks to the president, which was carried unanimously, after which council adjourned subject to the call of the chairmen of the two boards.

COMMON COUNCIL.

At a regular meeting of the Common Council of the city of Alexandria, Va., held July 14th, 1908, there were present: Hubert Snowden, esq., President, and Messrs. Leadbeater, Burke, Bisheill, Strauss, Williams, Brill, Baader, Birrell, Monroe, Hellmuth, Harrison, Uhler, and Evans

The following communication was received from the Mayor and referred to the Committee on General Laws:

THE MAYOR'S OFFICE,
CITY OF ALEXANDRIA
July 14, 1908.

Honorable City Council, Alexandria, Va.:

Gentlemen: Recent occurences compel me to call your attention to the disorganized condition of two of our city departments and to urge upon you immediate action to bring about more satisfactory results. In the first instance I refer to the health department, and in this I find we have no qualified board of health, without which it is impossible to have some very important questions of vital importance to the health of our citizens and the sanitary conditions of our community, properly handled. The other department of which there is considerable complaint and dissatisfaction is street and engineer. In this there appears to be considerable lack of system, in consequence of which there is constant complaint by our citizens and taxpayers. In some instances our police department has been censured but I cannot see what more the policemen can do than report nuisances and accumulations of dirt and trash to the street department and bring to the police court those guilty of committing offenses. The necessity of something being done in both instances above referred to must be apparent to each and every member of your honorable body and the only question remaining is how to proceed. Now in this connection I will call your attention to recommendations made by me some time since, that of codifying our city laws, which certainly is an absolute necessity, so that every official knows his duty, and the appointment of a sanitary officer with his duties and powers clearly defined, as stated before (when recommendation of this appointment was first made.) I feel that we could have such an officer without any additional expense to our city.

In conclusion I will state that in sending this communication to you it is done with the best motive, not meaning to criticise any individual, but feeling that some of the criticism (some of which has found its way into the columns of our daily paper) is well founded and the rectifying lies with your honorable body.

Respectfully submitted,

FRED J. PAFF, Mayor.

A REMINISCENCE.

Today is the 38th anniversary of the formation of the present police force of Alexandria. On the 15th day of July, 1870, at 2 o'clock p. m. the members of the force which had been elected by the City Council appeared on the porch of the old Market building and were sworn in by Justice William H. May, Mayor Latham refusing to have anything to do with the procedure, as he had taken issue with Council on certain details in connection with the formation of the force. An embroglio between the mayor and Council followed, and the former appointed other policemen and held those in contempt who had been selected by Council. James F. Webster had been elected chief and the late John L. Smith lieutenant. They persisted in performing their duty and were taken in custody by City Sergeant James M. Stewart and sent to jail by order of the mayor, but were released on a writ of habeas corpus. Council had in the meantime elected a police board of their own members but, Judge Keith, circuit judge at the time, decided that their action was illegal, and Council subsequently appointed a committee on police. Later the men appointed policemen by the mayor gave place to those selected by the Council, and the dual police force ceased to exist.

MEMORIAL AMPHITHEATER.

The Arlington Memorial Amphitheater Commission, created by Congress to consider plans for a memorial amphitheater in the national cemetary across the Potomac river from Washington, held a meeting Saturday in the office of Secretary of the Treasury Cortelyou the chairman. A hearing was given Carrere and Hastings, New York architects, who submitted preliminary plans involving a cost of $500,000, and another meeting will be held, at which the question of inviting other bids will be taken up. The commission includes Secretary Cortelyou, Secretary of War Wright, Governor Guild, of Massachusetts, representing the Spanish War Veterans' Association; Elliott Wood, superintendent of the capital buildings and grounds, and Judge Kimball, of Washington, representing the Grand Army of the Republic. Governor Guild was the only absentee.

PLEASANT ENTERTAINMENT.

A musical and literary entertainment was held in the Methodist Church at Woodbridge, Prince William county, last Monday night, which was attended by a large concourse of people of all denominations. Refreshments were served during the evening and $80 was realized. While every number of the programme was interesting and greatly enjoyed, the feature of the evening was a humorous talk by Mr. R. P. W. Garnett, of this city, who was introduced as the Polk Miller of the occasion. Mr. Garnett painted country school house scenes and told amusing anecdotes in his inimitable manner and was encored three times. The committee left nothing undone which could have added to the enjoyment of all present.

BALLOON EXPERIMENTS.

With the arrival at Fort Myer this week of the dirigible balloon of Capt. Thomas S. Baldwin the first series of aeronautical tests under patronage of the government will be started. Capt. Baldwin's airship, 90 feet long and 24 feet in diameter, is small in comparison with those of Count Zepplin and other European aeronauts. It will carry two men. For this reason, if it fulfills the requirements and sails 5 miles out and back to the fort at a minimum speed of 18 miles an hour, it will be useful to the army for experimental purpose only, and for reconnoitering in time of war.

Rev. W. J. Morton, of Alexandria, was in the city Tuesday.—[Fredericksburg Star.

Mrs. R. L. Stultz, who has been visiting friends in Suffolk, returned to her home in this city today.

Miss V. A. Grigg, who has been seriously ill at her home on south Columbus street, left yesterday for Queen City, Md. She was accompanied by Mrs. Lindsay and Miss Grigg.

Miss Margaret Gilmartin and James G. S. Salyers, both of Alexandria, were married in Rockville, Md., on Monday.

Mr. and Mrs. George A. L. Merrifield entertained at their home in Falls Church last evening in honor of Mrs. Winship, of Macon, Ga., and Mrs. Brinkle, of Wilmington, Del. Among those present were Messrs. Lewis Machen, Richard Chichester and Richard Writ, of Alexandria.

Mr. William Downey, a former resident of this city, but who now lives in Maryland, is on a visit to relatives and friends. During the civil war Mr. Downey was a Confederate soldier, he having been a member of the company commanded by the late Captain George T. Whittington, of this city.

Mr. Frank C. McLearen, of this city, and Miss Louise Western, of Washington, will be married in the latter city tonight.

Mr. Henry C. Stuart, of Russell county, a candidate for governor, was in the city last night looking after his political interests.

Councilmen Charles B. Marshall and Frank C. Spinks who with their families visited Baltimore during the last few days, making the trip on the Weems line steamer Westmoreland, returned this morning. They report a pleasant trip.

STILL AT LARGE.

Officers of Fairfax county are searching for Ernest McKnight, the negro who is wanted for an alleged attempt on Monday evening to assault Miss Mary Harrison, the 16-year-old daughter of William Harrison, a truck farmer, whose place adjoins Hampton stock farm, about 3 miles west of Alexandria, notice of which was made in yesterday's Gazette. It is stated that the county authorities have information that McKnight is heading toward Leesburg, where his wife lives, and the Loudoun county officials have been asked to make an effort to apprehend him. McKnight worked at the ice chute at Potomac where there is still $17 due him.

Up to 3 o'clock this evening nothing had been heard of Mr. McKnight.

EXCURSION TONIGHT.

On account of the rain last night, the excursion of the Y. M. S. L. will take place tonight and tickets bought yesterday will be honored tonight. A pleasant trip is promised to all who go.

THE STREETS.

To the Editor of the Alexandria Gazette:

I agree with citizen of north Payne street about the streets and gutters of our city, but he should take a look at south Henry street and see if Payne can equal it. Sweepers and sprinklers are unknown articles and we have a visit from the "Broom Brigade" semi-annually. They then kindly sweep the west side of the street and the east side is left strictly alone. The dirt gutters and public alleys are simply filthy and if it were not for the good women and their lime and carbolic acid we would have an epipemic of some fever.

The residents have appealed to every city official from the policeman up the highest officer of the city but it has been useless. Apparently the taxes paid in that part of the city don't count.

I also suggest trying to get relief through the ballot box.

CITIZEN No. 2.

THE FIRE ENGINES.

To the Editor of the Alexandria Gazette:

Replying to the communication in your paper of yesterday signed "H," I wish to state, for the benefit of the writer, that the reserve engine was in service at the Columbia engine house, with men, ready to respond to an alarm of fire on the night of the T. F. Burroughs, Son & Co. fire, and there was not sufficient water supply at the Burroughs fire for two engines on account of the small mains, so if the other engine had been ordered out there and put at another plug the other two engines would have been unable to get any water. If the writer would take time to think, T. F. Burroughs, Son & Co's. store and mill are in the county, and I know that the mayor, chief or fire wardens would not order all of the fire apparatus out in the county and leave the city unprotected. Chicago, July 15.—United States Judge Kohlsaat today declared illegal all contracts between newspapers and railroads whereby the newspapers pay for railroad mileage in advertising. The opinion, which was rendered in a test case against the Monon Railroad, sustains the Hepburn act and also sustains the interpretation of the act by the Interstate Commerce Commission.

HOLY GHOSTER 'CALL'.

Deserting wives, families, homes and everything, two downtown men have left Philadelphia to answer the luring "call" "of the Holy Ghoster" religion, that feverish faith that inspires persons to go aimlessly into foreign lands as "missionaries."

These latest recruits in the band of "called ones" are William Anderson, prime promoter of the Pentecostal Mission, and John A. Ferguson, 48 years old, a rigger, who has been under the mesmeric spell of the religious promoters for a year.

With as little pomp as possible in "Holy Ghoster" circles, Anderson slipped out of Philadelphia on June 27, bound for Turkey. Miss Lottie Smith, two years in the United States, whom Anderson says is his cousin, went with him.

About the same time Ferguson started for China in company with 21-year-old Lelia Smith and John Bryson, jr., a lad of 19 years. Now, this band, much inflated and said to number a dozen, is in Trenton, N. J., stranded It will seek the Far East when it gets the price of passage across the Atlantic.

Forest Fires.

Boston, July 14.—Promise of rain today brought hope to the resident from the wooded districts of New England, who for the past fortnight have been fighting the worst forest and brush fires that ever devasted this part of the country. Fires are burning today in every state in New England and in Maine, New Hampshire and Massachusetts they have caused tremendous damage and probably loss of life.

Bert Barber, of Elton, Wis., says: "I have only taken four doses of DeWitt's Kidney and Bladder Pills and they have done for me more than any other medicine has ever done." Sold by W. F. Creighton & Co.

Low Week-End Round Trip Fares.

Continuing each Saturday and Sunday to and including October 4, the Southern Railway announces the sale of low rate week-end tickets for the round trip, Washington and Alexandria to Somerset, Warrenton, Harrisonburg, Bluemont and intermediate points, and from these stations to Alexandria and Washington, limited returning until Monday following date of sale.

Annual Meeting Grand Lodge, B. P. O. Elks, Dallas, Tex., July 12-18.

On account of the above the Southern Railway has arranged low round trip rates from all coupon points on its lines.
